**Germany**

**Sweden**

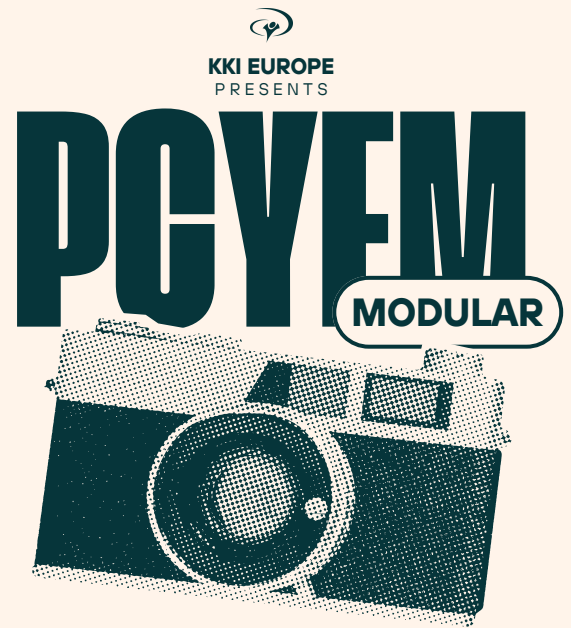

The school consists of in-person modules, zoom classes, one-on-ones and homework

#6 on zoom between the other modules

## Topics:

- Spiritual capacity of children
- Human development
- Children at risk
- Ministry to and with families
- A vision for the family
- Teenage culture
- Niko
- and more...

The teachers are leaders with a lot of experience from working with KCI for many years. We will be able to see and take part in different kinds of ministries since we have the modules in different locations. A PCYFM also includes 8-12 weeks of outreach. We will look at how each person can do these in the best way and best place.

So let's come together from different nations of Europe, meet in one place at a time, go back home and work with what we have learned before we meet again in a new place. Let's influence our part of the world with the passion to reach the coming generations.

**PRICE:  
2250€**

The cost will be 2250€ and you pay 450€ before each of the five modules. Your travel costs to the places are not included in this.
